Sam is requesting that we use the following formatting for the Fuel Waiver section.
Oklahoma submitted a statewide low Reid Vapor Pressure (RVP) fuel waiver request on Monday, August 28, 2017.

Make sure each table has repeat header rows (please fix this permanently)
Delete the notation related to resources being updated at 1700 only. We need to update am and pm.
Use the format I used this am on fuel waivers. Just update.

Sorry for the delay in transmitting this, we will be more timely on subsequent reports.
I had only a few tweaks. I had hoped that we would also have Louisiana NPL sites and a bit more descriptive info about the status but we need to launch this so I am flipping it to you.
Since Sam is on travel, let us know if we should launch it after you have had a chance to add your thoughts
